ACCOUNTABILITY INFORMATION REQUIRED BY THE FEDERAL NO CHILD LEFT BEHIND ACT

The information below is used to determine the Adequate Yearly Progress designation for your school. A school is designated as *Not Meeting AYP* if any indicator is determined to be *Not Met*. The Student Achievement and Student Participation ratings are based on 2003-2004 and 2004-2005 Oregon Statewide Assessments for the students in your school identified as enrolled for a full academic year. The statewide goal for the minimum percentage of students expected to meet or exceed standards is 50% in English/Language Arts and 49% in Mathematics. Student Participation is expected to be 95% or greater. The statewide goal for the minimum graduation rate is 68.1%. The statewide goal for the minimum attendance rate is 92.0%. 2004-2005 School Report Card

**SAMPLE**  
ELEMENTARY SCHOOL

October 13, 2005

Dear Parents and Community Members,

The Oregon Department of Education is proud to issue the seventh annual school report card. As Oregon schools and districts continue to face many challenges, educators remain committed to providing the highest quality education for Oregon students. This year you will find two ratings displayed on this report card: an Oregon rating and a federal rating required by the No Child Left Behind Act. The report card is not meant to tell you everything about your school, but it offers a starting point for discussions about where improvement might be needed and for celebrating successes in education for Oregon's children.

Susan Castillo, State Superintendent of Public Instruction

**1 Federal Adequate Yearly Progress Rating**

The No Child Left Behind Act requires the annual determination of whether schools, districts, and the state have made adequate yearly progress (AYP) toward the goal of having all students meet rigorous state academic standards by the 2013-2014 school year. Each year, the performance of all students in the school and district, as well as subgroups of students, is measured against annual performance targets.

If all groups meet the targets in English/Language Arts and Mathematics, and the school meets the target for attendance, the school is designated as **Meeting AYP**. If any target is not met, then the school is designated as **Did Not Meet AYP**.

A school or district that does not meet AYP should not be labeled as failing. The description of not meeting AYP signals that the school or district as a whole, or one or more subgroups of students, is not "on track" for meeting the national goals for student achievement by the target year of 2014. The school or district as a whole may have strong academic performance, but the designation may be based on a single factor or a single subgroup.
